ABOUT ME :

Hello guys, my crypto journey started back in 2017 when I first got in touch with this domain. I started marketing only around 2018-2019 and have been doing it consistently since then. I am a crypto enthusiast who started doing marketing for projects about 4-5 years ago

The basis is my knowledge of blockchain marketing (web3, nft, crypto, etc.)

-I worked on more than 100 projects for which I did marketing, managed social media accounts, did graphic design and presentations

-I also like to research for projects to be able to do the best marketing for them

-Marketing specialist Reddit, discord, telegram and social media ads, banners, and shilling (quora, 4chain, blockfolio, coisniper, coinhunter, telegraph.)

- I have started with Reddit marketing at first, then got to a lot of telegram promotion, managing funds for adds (adtok, bit media, etc) to trending on social media platforms or managing projects outreach to people. I love working and looking forward to be hired.

-I am an expert in Reddit, telegram, discord, and Twitter marketing scene. Also social media marketing (adds , promotions, trending, etc) .

-Same at graphic design I love to make graphic design for giving away , logo and more Also doing websites, stickers, animations, minting pages for nfts, contracts for projects and basically whatever is crypto-related to the crypto space.

-Creating the marketing strategies for developing the project and presenting the project to investors

-Organization of presentations for the growth of brands

-Ability to work cooperatively with design , product, and sales teams

-Write articles and social media content (press writer) at the same time can get through them a blue badge for Twitter , Instagram, and more social media blue badge

-Work quickly , and efficient

- Ability to make content plans for different periods
- Experience with Facebook ads , Twitter , Instagram , Photoshop , LinkedIn , WordPress TikTok , adtok , bitmedia
- Experience in copywriting
- Researched and find keywords optimization and trends

I worked with :

- Defi project (marketing) , yield protocol
- Experience in casino token , memecoin , gaming token
- NFT project
- Finance project
- And I also for worked for simple people who didn't have projects but wanted to grow a telegram group reddit discord etc or blue badge for social networks or articles in the press

Some names of projects I worked with:

- Toast punk NFT
- Reflex finance
- Algebra finance
- Rubic finance
- Tedy wealth NFT
